In re the renewal of the pay of Rs 10/- to ~~as~~ Subbu Char and others of the Sri Vyasarayaswamy Matt

From

The Swamy of the Sri Vyasarayaswamy Matt

No. 54/45 Dated

(Paper under disposal)

In order no 6108-18 dated 26th June 1892 last, the Government Sanctioned a revised Scale of establishment and other charges in the Sri Vyasarayaswamy Matt at Sosale. The Swamy now invites attention to his Srimukha regarding the said order. He refers to the observation made therein to the effect that no provision has to be made for the maintenance of the Swamy's wife and others, and a limit prescribed in the matter of the payment of allowances to the sons of the late

Swamies of the matt, retrenchment was effected and a monthly allowance of Rs 5/- was fixed to each of the sons of his Guru and Paramaguru, viz. Subbacher, Pattabhi Ramachar, Rama char and Ranga Sreenivasa char, although a sum of Rs 10/- was provided to each of them in the original Scale. He says he is not satisfied with only with this arrangement of treating the above-named persons as the ordinary relatives of the former Swamies and reducing their allowances. He lays stress on the fact that they are Sripada Putras and as such there is no objection to grant them Special privileges as contrasted with the other relatives and requests that the allowance of Rs 10/- which was hitherto being paid to them, may be confirmed and continued to them. He further states that when predecessor made representations Govt. asking for monthly payments

to all the relatives of the former ~ Swamies, an allowance of Rs 10/- was sanctioned only to each of the above named ~ persons because they were Seripada Putras. He requests early orders and wishes that these orders may be made to take ~ effect from the 1st July 1904

Another petition has been received from Battabhi Rama char praying for the revival of his original pay of ~ Rs 10/- per mensem.

The Swami was really very much pleased with the orders recently passed and was satisfied with the scale of charges fixed by Govt. He however felt very much for the reduction ordered in the case of the relations of the former

Muzrai Secretary's remarks:—

There is no doubt some hardship in this case. The four Sreepada putras i.e, sons of the former Swamies were each being paid Rs 10 per mensem and the wife of the late Swami was being given Rs 15 a month. We have now reduced the allowances in all these cases to Rs 5 each - vide para 9 of the printed Proceedings.

The reduction of allowances which actually existed till now is much felt by the parties concerned and also by the present Swamigalu.

File No. of 190 | Muzrai Secretari

I beg therefore respectfully to recommend that the allowance in each of the above mentioned cases may be raised to Rs 10/-. The result will be an increase of Rs 25/- per mensem, or Rs 300/- per annum above the amounts sanctioned in the Govt. Rs: of the 26th June 1907

The widow of the late Swami will, under the above recommendation, get Rs 10/- instead of Rs 5/- which she was drawing before, but I think that Rs 10/- are quite sufficient - considering that the widows of 2 other former Swamis are getting only Rs 5/- each per mensem.

as the present Swami, who is a man of great learning, attracts large numbers of learned men to the Matt, both as visitors and as disciples, for learning from him the abstruse doctrines of Hindu Philosophy. The cost of feeding in the Matt is in consequence more than before. The establishment of servants also requires some modification to suit the present circumstances, and additional expenditure under various other heads has also to be provided for. With the view of enquiring into the wants in these directions, the Secretary to Government in the Muzrai Department proceeded to Sosale towards the close of December last, and halted there for three days, had several private interviews with the Swami and discussed with him all the affairs of the Matt. He explained to the Guru the embarrassed circumstances of the Matt, which was involved in debt to the extent of nearly a lakh of rupees, and the imperative need for economy in expenditure, with the view of freeing it from these heavy debts which were being gradually repaid by the exertions of Government officers to the great advantage of the Matt. He also pointed out that, owing to maladministration and indiscriminate waste of the Matt's resources in the past, the valuable lands and villages endowed to the institution had become sequestrated and the income from them had dwindled down to little or nothing in many instances, and the prestige of the Matt as one of the highest in importance among such Hindu institutions had gone down to a great extent, and that it rested with the Guru, by means of his great attainments and learning, to raise it again to its original status both in its religious and secular aspects. He further explained that, under these difficult circumstances, it would be well for the Swami to act completely under the advice of the Government and look to Government alone for supplying his wants and removing his difficulties, if any, and not to incur any debts or enter into negotiations with private individuals in connection with any matters connected with the Matt.

5. The Swami readily acquiesced in all the arguments put forward by the Muzrai Secretary and promised compliance with the arrangements that might be made by the Government for the improvement of the Matt and for the satisfactory settlement of its affairs. He accordingly executed in the presence of a large number of his disciples, of Mr. M. Kantaraj Urs, B. A., Deputy Commissioner and District Magistrate of Mysore, and of Mr. L. Anantasami Rao, B. A., Secretary to Government, Muzrai Department, a general power-of-attorney (on the lines of the similar power-of-attorney executed by his predecessor in office) in favor of the Dewan of Mysore for the time being, authorizing the latter to take over the management, for a period of 25 years, of all the endowments of the Matt situated in British India. Further, the Swami gave a letter addressed to the Government thanking them for their kind management of the Matt's estates both in Mysore and in British India during the past few years, and requesting the continuance of such management, and stating that he would not enter into negotiations with private parties in any matters connected with the Matt and that he would always look up to Government for any aid that he might require. He stated at the same time that, as he had the honor of succeeding to the Guruship of a great Samsthanam, it was his earnest desire that he should be given the means of keeping up the status and dignity of the Matt.

6. The several proposals of the Swamigalu regarding the additional expenditure required in the Matt for the future are dealt with below.

7. The first item relates to the cost of daily Santarpane or feeding in the Matt together with the cost of Nityakatle or daily puja articles and of feeding the elephant, camel and other animals kept in the Matt. The cost of these items, which is now Rs. 240 per mensem, is sought to be raised to Rs. 450. Considering the high prices of provisions and the increase in the number of persons fed, it does not appear possible to place the figure below Rs. 400 per mensem, which is accordingly sanctioned. The amount now allotted is quite ample for the ordinary wants of the Matt, if spent without allowing waste or misappropriation, and the Swami will accordingly be requested to exercise great watchfulness and care in incurring the needful expenditure, and not to exceed the fixed amount under any circumstances.

8. The next item relates to the establishment of servants to be maintained in the Matt. There is no doubt that, as regards numbers and as regards pay, some increase under this head is called for, taking into consideration the existing low

Muzrai, dated 26th June 1907.

rates of pay, the higher cost of provisions and the increased work devolving upon the servants under the new Swamigalu. After much discussion with the Swamigalu, the Muzrai Secretary has been able to fix the amount at Rs. 267 per mensem, including the cost of the Patasala, making an increase of Rs. 50 per mensem over the present scale, according to the list hereto appended. The increased charge is sanctioned. The Swamigalu will be requested to send a nominal list of the servants for record in this office.

9. The next point relates to the grant of allowances to the relations of the Swamigalu. The present allowances amount to Rs. 65 per mensem as follows:—

	Rs.
1. The widow of the late Swami	15
2. Subbachar, son of the late Swami	10
3. Patttabhiramachar, son of a former Swami	10
4. Ramachar do	10
5. Ranga Srinivasachar do	10
6. A former Swami's widow, Ranganayakamma	5
7. Another Swami's widow, Janakibayamma	5
Total ...	65

In this connection, the Swamigalu represents that he has a number of poor relatives of his own whom he considers it his duty to help to some extent, and asks for a sum of Rs. 80 per mensem for the purpose. With reference to this, the Government observe that it is not possible to go on increasing such allowances as each Swamigalu succeeds to the office of High Priest. They therefore direct that the existing allowance should be reduced to Rs. 5 per mensem in the case of each of the present recipients. The reduced amount comes up to Rs. 35 and the Government are pleased to sanction an equivalent sum of Rs. 35 to be distributed by the present Swamigalu amongst his relations at his pleasure. A list of the payments made by him should be forwarded to this office month after month.

10. The next item relates to the provision to be made for the maintenance of the family of the Swamigalu. As the Swami's wife has to keep up some state in her house and maintain her children, the Government are pleased to sanction, as a special case, a sum of Rs. 40 (forty) per mensem temporarily during the life-time of the present Swamigalu.

11. The Swamigalu asks that a sum of Rs. 50 may be given to him every month as pocket money to meet the expenses in connection with the giving of presents or *Sambhavanas* to Vidwans and pupils visiting him in large numbers. The Muzrai Secretary, after much discussion, has made the Swamigalu agree to a sum of Rs. 25 per mensem for the purpose. This amount is sanctioned.

12. The pay of the Police constables entertained in the Matt, *viz.* Rs. 17-12-10 per mensem, should continue as heretofore. The constables should be directed specially to look to the security of the Matt jewels which are of great value, and generally to the safety of the other properties of the Matt.

13. With the view of thoroughly enquiring into the affairs of the lands and villages endowed to the Matt in British India and chiefly in the Madras Presidency, some of which have, through past mismanagement, become alienated from the Matt, while others have been leased out for inadequate amounts and yield little or no income to the Matt owing to disputes between the lessees and the Matt, a special Agent has been appointed by the Government under the power-of-attorney granted to them by the Swamigalu, and that officer is now touring through the villages in question, investigating the circumstances of each of the said endowments. The final settlement of the disputed questions relating to the several endowments, is essential in the interests of the Matt, and therefore the continuance of the expenditure connected with the Government Agent and of the small establishment attached to him, together with the additional travelling and contingent charges, is sanctioned for a period of two years more from this date.

14. The sum of Rs. 919-4-6 per annum separately provided in the old Tasdik Patti of the institution for Mahasamaradhane, Dipavali, Yugadi and other Hetchukatles or extraordinary festivals in the Matt, will also be continued as heretofore. Other minor charges which are specified in the next succeeding paragraph are also hereby sanctioned.

15. The following is an abstract of the expenditure now sanctioned as compared with the existing scale:—

Grand Total per annum ...	9,872	14	6	13,372	14	6

16. The modified scale of expenditure and other charges sanctioned above will take effect from the 1st January 1907. They will be met from the annual income of the Matt, which is estimated under the several heads as follows:—

	Rs.	a.	p.
From lands in Mysore territory, about ...	9,000	0	0
Cash grant from the Mysore Government ...	3,053	10	11
Annual Tasdik for Hetchukatle	919	4	6
From lands in British territory	3,000	0	0
From interest on the amount in the Mysore Government 4 per cent loan	1,000	0	0
Total ...	16,972	15	5

17. Besides the annual and monthly expenditure referred to above, the following urgent charges, to be paid in lump sums, are sanctioned:—

Rs.

(1) 500 being the amount borrowed by the Swami just before his taking the Asrama, for the immediate requirements of his family.
(2) 227 for repairs to palanquin and preparation of jhools to elephant and camel.
(3) 300 for repairing and purchasing new vessels.
(4) 100 for purchasing religious books.
(5) 200 for purchasing shawl, etc., for the use of the Swami.
(6) 20 for purchasing a Tamburi.
(7) 70 for sundry miscellaneous purposes.

1,417 Rs. Total.

Of these, the sum of Rs. 500 has been already paid by the Muzrai Secretary and an acknowledgment obtained from the Swamigalu, and vessels were recently purchased for Rs. 295 odd and forwarded to the Matt. Arrangements should now be made for disposing of the other items of charge.

18. The Swamigalu having asked for a contribution of not less than Rs. 2,000 on account of the marriage of his daughter and the Upanayanam of his son, the Government were pleased to sanction Rs. 1,000 on account of the marriage and Rs. 500 on account of the Upanayana, and these sums were paid to the Swamiin time for the celebration of those events, which came off at Sosale in March last.

19. It may be mentioned that out of the heavy debts amounting to Rs. 92,300 standing against the Matt, claims to the extent of Rs. 24,034-2-4 have, through the exertions of Government in negotiating with the parties concerned, been discharged for a cash payment of Rs. 12,060-14-1, and other similar claims are under investigation. The payments made for this and other urgent necessities of the Matt, including repairs to buildings, have had to be defrayed from the savings which have accumulated under the management of the Matt's affairs by Government. A balance of Rs. 31,000 still remains in favor of the Matt in Mysore Government 4 per cent Loan paper, which will go some way towards liquidating the Matt's remaining liabilities.

20. Under the circumstances above explained, it will be seen that the allowances sanctioned in the preceding paragraphs are very liberal, considering the involved condition of the Matt's affairs as described above, and that such liberal treatment has been accorded in deference to the wishes of the Swamigalu and with the view of maintaining the prestige and dignity of the Matt in the hands of its present distinguished Guru. It behoves the Swamigalu, therefore, to see the sums now placed at his disposal spent under his own personal direction, with great care and discrimination, devoting them purely to the regular performance of the services and to the due dispensation of the feeding and other charities in the Matt without allowing waste or misappropriation.

21. At the time of the inspection of the Matt by the Muzrai Secretary in December last, it was found that the accounts had not been kept in any systematic form, and that there were large differences and discrepancies therein, and the Swamigalu was thereupon informed that Government would not make payments on the basis of such unreliable accounts. The Swamigalu will now be requested to arrange for keeping regular and correct accounts of all receipts and expenditure in the Matt and to send abstracts thereof regularly every month to the Muzrai Secretariat. In view of the petitions that are being received in this office complaining against the present managers of the Matt, the Swamigalu will be informed that if regular and reliable accounts are not kept and if the internal management of the Matt is not conducted in a satisfactory manner, the Government will be under the necessity of deputing a person of their own choice for looking after the Matt's internal affairs.

22. It is understood that this Matt gets a cash allowance of Rs. 400 per annum from the Government of His Highness the Maharaja of Travancore. This amount should, immediately upon receipt every year, be placed by the Swamigalu at the disposal of the Government with the view of its being included in the Matt's annual income, out of which large amounts have been assigned by Government under these orders for expenditure in the Matt, and which has to be looked to for the eventual clearance of the Matt's heavy debts.

23. The Matt also derives a considerable income from the Mathadhikaris appointed by it in various towns and localities within its spiritual jurisdiction, and is expected to receive large sums as offerings from its disciples from time to time and particularly when the Swami is on tour. Regular accounts should be kept in the Matt of all such collections, and they should be made available for inspection by Government officers. The Swamigalu is no doubt aware that all the income derived by him is meant solely for the benefit of the *institution* and for its maintenance in a high state of efficiency. There is much scope for the expenditure of such funds on the great many branches of this Matt which are situated in Mysore and in British

India and which are in a state of great dilapidation and mismanagement, and it is hoped that the Swamigalu will utilize all such income for effecting the needful improvements and see that all the branch Matts also are brought to a satisfactory condition. Any help that may be required from Government in this respect will be gladly accorded.

Narsipur Taluk and Srimukha Reg No 57/45 dated 1st July 1907 from the Swamigalu representing that the reduction of allowances in the case of some relations of the ~~Jeevottama~~ former Swamies is not desirable and requesting that they may be fixed at the rates enjoyed by them ~~before the~~ prior to the issue of the Govt Order read above

No. 1026-36 D/19.8.07

—"—

Order thereon - No.

The four Sreepadaputras i.e., Sons of the former of the Matt Swamies were each paid

Rs 10/- per mensem and the wife of the late Swami galu was being given Rs 15 a month. In para 9 of the Govt. Pro: read above the allowances were reduced to Rs 5 each. ~~in all these cases~~. The reduction of allowances which actually existed till now is much felt by the parties con-cerned and also by the Swamigalu. ~~The Govt.~~ are now pleased to raise the allowance in each of the above mentioned cases to Rs 10. The widow of the late Swami will, under the above arrangement get Rs 10/- instead of Rs 15/- which she was drawing before but the Govt. Consider that Rs 10/- are quite sufficient considering that the —

wi

former Swamies are getting only Rs 5/- each per mensem.
